

The 12th International Workshop on Tau Leptons

Contribution ID : 52

Charged Higgs + Exotics
Thursday, 20 Sep 2012 at 14:30 (0h30')

The logo for the 12th International Workshop on Tau Leptons (TAU 2012) is a black square. It features a white starburst pattern of lines radiating from a central point. In the top right corner of the square is a small white globe icon. Below the starburst, the word "TAU" is written in a large, bold, white sans-serif font. At the bottom of the square, the year "2012" is written in a smaller, white sans-serif font. There is also some very small, illegible text at the bottom of the logo.
